

**A little extra time today  
helps *save you time and money*  
down the road!**

### **Super Check Up Oil Change\* (1-2.5 hrs.)**

#### **WHY WOULD AN OIL CHANGE TAKE OVER 30 MINUTES?**

At Lex Brodie's, when we perform an oil change and service, we're not only working with the customer to help extend their vehicle's life, but we also perform a AAA Approved Auto Repair facility multi-point inspection designed to help prevent vehicle break downs and subsequent tows.

Lex Brodie's also promotes that "All vehicles are Greener With Proper Maintenance." Our inspection, during the oil change service, is designed to help keep your vehicle working efficiently through following your vehicle's manufacturer maintenance schedules.

Lex Brodie's "Super Oil Change" Service includes up to 5 quarts of oil (additional cost added for additional quarts of oil\*\*). We use a full synthetic motor oil\* that offers extended interval oil changes for up to 6 months or up to your vehicle manufacturer's full synthetic oil change intervals. This not only reduces oil consumption and disposal but it also helps save time and money!

**With the depth of work that goes into the Lex Brodie's Super Check Up Oil Change, the value received is really quite extraordinary!**

### **Super Check Up (3-4 hrs.)**

Lex Brodie's "Super Check Up" Service includes all the items from the Lex Brodie's "Super Oil Change" Service as well as a suspension inspection, a wheel alignment check (and correction if needed), and we check your vehicle's manufacturers service intervals at that mileage. Please note, with the Lex Brodie's "Super Check Up" Service you can also receive a **FREE Lyft or Uber ride, up to \$20 roundtrip to and from the nearest mall while we perform your service!**

**\* Most vehicles: Includes 0w-20, 5w-20 & 5w-30 oils.**

**\*\*This service is available for most passenger and light trucks vehicles. Exotic or Sport Cars may be referred to the dealerships or may have substantial additional cost. Excludes modified vehicles. Please see stores for additional details.**
